

(January 19, 2016)

In order to further improve the lines of communication and to respond to the concerns between the National VA Council and you our members, I have established a National VA Council Briefing. This NVAC Briefing will bring you the latest news and developments within DVA and provide you with the current status of issues this Council is currently addressing. I believe that this NVAC Briefing will greatly enhance the way in which we communicate and the way in which we share new information, keeping you better informed.

Alma L. Lee
National VA Council, President

~~~~~  
**In This Briefing: Electronic Communications-NPC January 2016**  
~~~~~

In an effort to “**Going Green**” 🌱 the National VA Council will begin to distribute appropriate portions of the Mass Mailing electronically (see attachment). The electronic correspondence will NOT include “union only” information (via government computers). Internal information will continue to be distributed via mail. By emailing this information, in lieu of printing and mailing the documents, we will be able to reduce our distribution costs and our paper consumption.

Please be sure to the share this information with all your members.

Additionally, all the Demands-to-Bargain, Memorandums of Understanding, and Surveys can also be searched and located on the National VA Council’s webpage (www.afgenvac.org).

We look forward to creating new ways to reach out to our membership and we are continuing to improve our means of communication.
