In order to further improve the lines of communication and to respond to the concerns between the National VA Council and you our members, I have established a National VA Council Briefing. This NVAC Briefing will bring you the latest news and developments within DVA and provide you with the current status of issues this Council is currently addressing. I believe that this NVAC Briefing will greatly enhance the way in which we communicate and the way in which we share new information, keeping you better informed.

**In This Briefing: Earnings & Leave Statements**

~~~~~

LMR was just informed of this:

We were notified this morning that the contractor who AITC uses to print and ship the Earnings and Leave Statements to the stations for distribution has filed for bankruptcy. They will not be able to print and ship them this pay period. AITC is in the process of migrating those duties to another print contractor they use and feel that will be in place very quickly. However, no Earnings and Leave Statements will be printed and shipped on schedule this pay period. They will be printed and shipped by the new contractor (including any that were missed) as soon as possible. The LES statements will be available on MyPay as normal.
