

***MOURN*** for the dead, ***FIGHT*** for the living.

At the heart of the VA are its workers. We honor all who have unnecessarily suffered injury, illness, and death on the job. We promise to continue standing united, protecting safer working conditions, and holding the VA accountable. Our fight will not end until healthier worker protections and laws are in place for our heroes serving heroes.

# WORKERS' MEMORIAL DAY

APRIL 28

**AFGE National VA Council**
