

September 23, 2011

William Carson, Chief Negotiator
Veterans Benefit Administration
V A Central Office
810 Vermont Ave., NW
Washington, DC 20420

The National VA Council VBA Midterm Bargaining Committee is formally requesting to bargain on the appropriate arrangements for the adversely affected employees as a result of the VBMS (Veteran's Benefits Management System) that is being piloted at Salt Lake and Providence RO.

We are requesting that prior to this system being established at any additional stations, management complete it's labor obligations per the Master Agreement and the statute. Our proposals will be forthcoming.

Sincerely,

Alberta Franklin
NVAC VBA Midterm Bargaining Committee, Chair
VBA Midterm Committee
