Good Morning,

Pharmacy Benefits Management/Clinical Informatics will conduct its annual assessment of automation and technology use. It will help better understand the use of automation tools throughout the field in all VA settings. The survey will target key pharmacy automated representatives and pharmacy Automated Data Processing Application Coordinators (ADPACs).

The survey is completely voluntary and anonymous and the results will be confidential. Attached is a summary of the survey and the actual survey.

Please direct any questions about the assessment to Adelaide.Quansah@va.gov. For technical questions, please contact Ferenc.Ayer@va.gov.

Thank you,

Pete
