

*(October 15, 2015)*

In order to further improve the lines of communication and to respond to the concerns between the National VA Council and you our members, I have established a National VA Council Briefing. This NVAC Briefing will bring you the latest news and developments within DVA and provide you with the current status of issues this Council is currently addressing. I believe that this NVAC Briefing will greatly enhance the way in which we communicate and the way in which we share new information, keeping you better informed.

**In This Briefing: UPDATE: Background Investigation Cybersecurity Incident**

~~~~~

Some of you previously asked for OPM to share an example of the background investigation notification letter being sent to affected individuals. Please go to: <https://www.opm.gov/cybersecurity> to the Actions You Can Take Now section on that page. You may need to refresh your browser and/or hit F5 on your keyboard to ensure the samples are displayed on your browser. You'll see two letters posted as follows:

If our records indicate your fingerprints were not compromised, [your notification letter will look like this \(PDF file\)](#) [166.66 KB].

If our records indicate your fingerprints were compromised, [your notification letter will look like this \(PDF file\)](#) [49.67 KB].
