

(December 30, 2015)

In order to further improve the lines of communication and to respond to the concerns between the National VA Council and you our members, I have established a National VA Council Briefing. This NVAC Briefing will bring you the latest news and developments within DVA and provide you with the current status of issues this Council is currently addressing. I believe that this NVAC Briefing will greatly enhance the way in which we communicate and the way in which we share new information, keeping you better informed.

~~~~~

In 2015 our membership grew to over 112,000! The NVAC continues to be the largest council within AFGE. As 2016 approaches, we will continue to grow and support our employees and our nation's veterans. We must remember where we started and continue to look forward for increased membership and greater improvement within our workforce.

On behalf of the entire National VA Council, I would like to thank you for all the work you have done for our veterans and for our country this past year. I wish you a successful New Year.
