In order to further improve the lines of communication and to respond to the concerns between the National VA Council and you our members, I have established a National VA Council Briefing. This NVAC Briefing will bring you the latest news and developments within DVA and provide you with the current status of issues this Council is currently addressing. I believe that this NVAC Briefing will greatly enhance the way in which we communicate and the way in which we share new information, keeping you better informed.

Alma L. Lee
National VA Council, President

In This Briefing: For your information...

It has been brought to my attention that there is another "President's email group" that is floating around on Outlook that does not come from NVAC.

This email is written to make everyone aware, there is only ONE legitimate AFGE/National VA Council President's Briefing and President's email group. The legitimate group comes out as the President's Briefing that may come to you on either your government and/or private email.

Any other AFGE VA President's email group is not recognized or supported by the National VA Council and the Council will not take responsibility and/or liability of any content or misinformation sent out by this group.
